ABOUT ME

A 26 years old writer and game designer graduated in Film Studies, a passion I discovered when I believed working with games would be impossible. Happy to have been wrong about that! At university, I joined Prisma Game Lab, my gateway to games development. I'm always looking to improve as Game Designer, adapting my experiences as scriptwriter to the systems and procedures only games can provide. I love what I do, and love talking about it, which brought me to work with content creation at Orube Game Studio and also to create my own Twitch channel!

PROFESSIONAL EXPERIENCE

Orube Game Studio (2022-2024)

- Narrative Designer for Mombo Combo Legacy, sequel to the indie hit Super Mombo Quest, developing over 10 NPCs and reviewing skill tree texts (PT-BR and EN-US)
 - Over 700 lines of dialogue in portuguese and english
- Development, production and editing of content for social media
- Community management, pulling in followers and influencers closer to the Orube brand through planned content and activities
 - Numbers reached: 1.2M TikTok, 1.4M YouTube, 119k Instagram, 6k Twitter, and 13k Discord members

Prisma Game Lab (2020-2022)

- Assistant Director for 2022, offering support on all management fronts
- Game Designer (generalist) on six different prototypes, all with different themes, genres and approach, and which can be played through my itch.io page
- Sound Designer on three of the projects mentioned above, contributing with music and SFX

ArtCom Produções (2015-2018)

- Scriptwriting Assistant, helping flesh out two theater plays with short seasons in Rio and pilots for potential animated TV shows

EDUCATION

Graduated Social Communications (Film Studies) at PUC-Rio, 2016-2022
